

PRODUCT INFORMATION OTS-DPS- 001

AIR OPERATED DUAL PUMP SKID

Technical Specification OTS- DPS- 001

Dimensions (L x W x H)	1365 x 950 x 1240 mm
Weight (empty)	350 kg
Maximum flow rate w/ 3 pumps	800l/m each pump, total 1600l/m.
Maximum working pressure	7 Bar
Maximum Air Consumption	4000 L/min
Maximum working temperature	90°C
Inlet & outlet	3" NPT male thread with camlock or Weco 206
Pneumatic Pump	2 x 3" Yamada type NDP-80-BSN
Air-connection	Claw-coupling US type 2-lugs with air regulator
Material Pumps & Valves	SS 316 L
Material frame	SS 304 L including drip tray
Fluid Sample point	SS 316 L - 3/8" outlet
Standard instruments	Out pressure gauge 0-15 bar / Temperature gauge available on request
Frame/lifting sling	Certified according to MO 32
Pump Unit approval	Certified according to ATEX
